

MARINE PILOT

c. £44,000 - £66,000 + Overtime + Competitive Pension & Benefits

Applications are invited for the position of Marine Pilot with ABP Humber Estuary Services.

Associated British Ports is the UK's largest port group operating 21 ports across the UK including various locations upon the Humber. The Humber is the UK's busiest commercial waterway with a diverse range of shipping from coasters to VLCC's and employs in excess of 100 Marine Pilots.

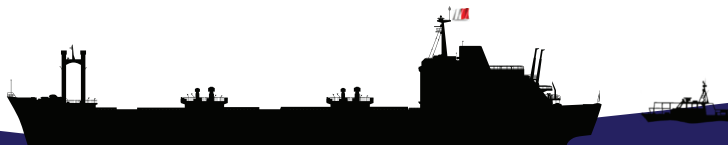

Pilots are rostered for 12 days on duty followed by 6 days off duty completing, on average, 1 act of pilotage per day. In addition pilots have 24 consecutive days off duty every 198 days as well as additional flexible leave days.

Applicants should possess an STCW II/2 Master or Chief Mates certificate of competency but more importantly an enthusiastic and motivated approach to learning a large and complex district.

In return we will offer a diverse, challenging and incredibly rewarding career with a comprehensive training programme, excellent salary, structured career progression, private medical insurance and competitive pension.

If you feel you have you have the energy and commitment to meet the challenge then write including your CV to the Assistant Personnel Manager, Associated British Ports, PO Box 1, Port House, Northern Gateway, Hull, HU9 5PQ or visit our web site www.abports.co.uk/careers to download an application form.

Should you wish to discuss opportunities in Pilotage on the Humber further, please contact the Pilotage Operations Manager on (01482) 617200.
